EASY WAY TO CURE CATARRH.

Breathe Hyomei And Kill All Catarrhal Germs. "Money Back If It Fails," Says G. L. Penny.

There is no dangerous stomach drugging when using Hyomei. The healing and aromatic balsams which compose this wonderful treatment are breathed through a neat pocket inhaler that comes with every $1 outfit.

In this way the germ-killing and health giving Hyomei penetrates to the most remote cells of the lungs. It searches out and kills disease germs in the air passages of the head, throat and nose, soothes and heals the irritated mucous membrane and absolutely drives catarrh from the system.

Such remarkable results have followed the use of Hyomei by the best people of Stanford that Mr. Penny has the greatest confidence in its power to cure catarrh. He believes in it so thoroughly that he will give his personal guarantee to refund the money if it does not cure, the purchaser to be the sole judge.

This is an unusual offer and the first time that any medicine or treatment for the cure of catarrh has been sold in this way. If it cures, the expense is trifling, while if it fails, the cost is absolutely nothing.

If you are fortunate enough not be troubled with catarrh, tell your friends of Mr. Penny's offer and get them to take advantage of it.

The damage done by the storm in Christian county is greater than first reported. More than 50 barns were destroyed in the southern part of the county. One person was killed and two injured. Much tobacco was destroyed.

THE STANFORD GRADED SCHOOL

GRADE 4.

I go to the Stanford Graded School,
But my, they have such a strict rule,
Professor is the best in all the land
But you get that paddle in you hand
When you don't go to suit him.

When he yells: "Don't run up the stair"
We stop and walk with a quiet air.
Those on second floor come down running
But when he yells he isn't funning,
So they come down quietly.

Three mornings out of every week,
We all march out and two rooms meet,
But this time we walk just so
As we go to the chapel from below,
For professor is watching us.

We have the best school in all the land,
But I wish it would disband.
When our daily lessons are through
We come marching out two by two
While the music is playing for us.

GRACE BRADY.

ALL the political signs of the times indicate that of the distinguished gentlemen whose names have been prominently mentioned in regard to democratic presidential nomination, the most favored seems to be the great New York jurist, Judge Parker. Within the past few days a poll of the democratic members of Congress was taken with a view to feeling the pulse of these representatives of the people in regard to the questions at issue and a large majority declared for the New Yorker. In the old times the presidential nomination was left to a caucus of the party representatives in Congress and if such a system was in vogue to-day it is certain that Parker would get the nomination, and while such a caucus has not now the power to make a nomination it must be admitted that they very largely reflect the sentiments of the several States they represent.

THE Massachusetts report of labor statistics for 1903 shows that there are 31,197 Negroes in that State. The report in dealing with the status of the Negro population brings out the curious fact that Massachusetts enacted the first statute establishing slavery in America, in 1641. This was 20 years before slavery was legally established in Virginia, though slaves had been brought to that State in 1619. The thrifty Yankees then sold out to the Virginians.

THE Supreme Court has decided for the steenth time that those who ride on passes cannot receive damages for injuries received while traveling on them, but the decision will not deter a single human being from striving his best to get the coveted piece of pasteboard.

Andy Newell, of near Science Hill, a respected and well-known old citizen, is dead. Dr. Stapp's friends regret to learn of his illness.—Somerset Journal.

As the result of a friendly scuffle at Danville, a quarrel ensued between Ernest Bonner and "Doggie" Norman, of Frankfort, which ended in the shooting and wounding of Norman. The only thing which saved the life of Norman was the fact that his overcoat was very thick and prevented the bullet, which was fired at close range, from penetrating the skin.

CHURCH MATTERS.

Rev. Henry McDonald, a prominent Baptist preacher, is dead in Atlanta.

William Sunday, the baseball evangelist, is about to close a revival at Sterling, Ill., that has resulted in 1,052 conversions.

Sunday is our day for foreign mission collection and you are doubtless aware that the Southern Baptists are asked to raise $300,000 this year. The Lord has been abundantly blessing us in our fields, Japan, China, Africa and a number of places in South America, the latest point being Bounce Ayres. Have had over 2,000 baptisms already this year in our foreign fields. Now our motto is "The World for Christ" and each help take it for him. We are trying to put a foreign mission envelop into every one's hand to be handed in Sunday. Now please be prompt and don't make it necessary for the committee to have to come and see you again, for it is our desire as far as we are able to get a contribution from every member. Each must accept Christ for himself or herself; each must have the Spirit of Christ (or you are not of Him) which is to "save that which was lost." "If ye love me ye will keep my commandments." "Go into all the world and preach my Gospel to every creature." If you can't go, then you can help send another. Oh, what a privilege. Let us use it. Everybody invited and no public collection taken. Sunday night's subject will be "A Free Salvation." Are you saved, if not we invite you especially to be present.

Color bay; black points, small star, 16 1-2 hands high, weighs in working order 1,150 pounds, sired by the French Government Stallion, Franse, dam Charmantie by Le Dord, and 2nd dam by Revolution (extended pedigree framed)—Quasi has never been beaten in the show ring. A sure breeder of large, fine, high style and big acting colts and very kind to handle. I invite the attention of breeders to my colts by him to be seen on my farm, 30 of his get out of all kinds of mares.

Quasi will make the present season of 1904 at my farm, 2 1-2 miles from Stanford on the Hustonville pike at

$15 TO INSURE A COLT.

Money due when colt drops or mare parted with by breeder. Mares kept at 60c. per week on grass; no responsibility for accidents or escapes. The best of careful handling given and no accidents so far.

Tom Keene, Jr.

Will make the season at same place at $8 to insure a colt. This jack is almost a counterpart of his sire and from his breeding should prove a high class mule jack. No. 75, 150,000 acres of cotton land in Mississippi. There is no section of country which offers so many opportunities for profitable investment as the Mississippi Delta which is now fitly described as "Prosperity Valley." The timber is becoming more valuable all the time for the reason that lumber people from the North (where the supply of timber is fast diminishing) are constantly increasing their purchases of timber lands in the South. When the timber is removed the land is unequaled for agricultural purposes. It will produce a bale of cotton to the acre or will grow any other kind of crop raised in the temperate zone. The soil needs no fertilizers and gives a yield which cannot be excelled; taxes are low, the title is perfect and the man who buys Delta farm and timber lands at present prices is making an investment that he will never regret. This land is divided into tracts ranging from 40 acres to the tract to 17,000 acres to the tract and prices from $8 per acre to $16 per acre, according to location, etc. We are authorized by the company who owns these lands to state that as other parties are considering the purchase of these lands that we offer these tracts subject to prior sale, withdrawal from market or change in price without notice. However, when notified, they will hold any tract out of market long enough for the purchaser to make an investigation. About 12,000 acres of this land has been sold by the Company since we received this option. For further particulars call at our office.

It is an up-to-date roller mill, with burrs for corn and meal bolt. The engine is of 7 years run; 14 acres with the mill including what is with the house of 5 rooms. All for $6,250, or $5,500 for the mill and 14 acres. One half cash. Has fine trade. No mill in 10 miles.

BLACK-DRAUGHT STOCK and POULTRY MEDICINE

Stock and poultry have few troubles which are not bowel and liver irregularities. Black-Draught Stock and Poultry Medicine is a bowel and liver remedy for stock. It puts the organs of digestion in a perfect condition. Prominent American breeders and farmers keep their herds and flocks healthy by giving them an occasional dose of Black-Draught Stock and Poultry Medicine in their food. Any stock raiser may buy a 25-cent half-pound air-tight can of this medicine from his dealer and keep his stock in vigorous health for weeks. Dealers generally keep Black-Draught Stock and Poultry Medicine. If yours does not, send 25 cents for a sample can to the manufacturers, The Chattanooga Medicine Co., Chattanooga, Tenn.

ROCHELLE, GA., Jan. 30, 1902.

Black-Draught Stock and Poultry Medicine is the best I ever tried. Our stock was looking bad when you sent me the medicine and now they are getting so fine. They are looking 20 per cent. better.

To The Voters of the Fifth Appellate Court District of Kentucky.

I am a candidate for Judge of the Court of Appeals from this district, subject to the action of the democratic party. As circuit judge, it became my duty to try a number of criminal cases, which have become a part of the State's history and at a most critical time. As judge of the State fiscal court, it fell to my lot to construe the Statutes adopted, to put in force the provisions of the new constitution, as well as to construe the present constitution whenever a controversy arose as to its proper construction. Almost innumerable cases have burdened the dockets of my court, touching the rights of corporations and the exercise of franchises under the law. How well I have discharged my duties under such trying circumstances, is left to you to determine.

I will be very grateful to all who feel they can assist me to secure the high position and office to which I aspire.

Very respectfully,

JAMES E. CANTRILL.

GOOD SPIRITS—Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver or the hundred-and-one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over 35 years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles, 75c. At all druggists.
